BERMUDA'S BEST HOMES MAGAZINE ~ 2012

In 1987, Bermuda Media launched the first ever *Homes & Gardens* magazine in Bermuda. Now we're back, bigger, brighter and better than ever before — leveraging more than 25 years experience in magazine publishing as well as our knowledge and expertise in this field to create an exciting new annual magazine that will also incorporate our ever-successful *Your Kitchen & Bathroom*.

The way we were: Homes & Gardens magazine in 1988

House Garden Kitchen & Bath will be the ultimate sourcebook for proud homeowners seeking to improve every room in their house, as well as for developers and people building new homes.

As a participant you will be invited to submit photos of your best recent room designs or kitchen and bath installations.

We will also welcome suggestions for useful brief articles on new

products, ideas or services that you are offering. Plus we also make editorial space available to your firm to outline all its products in our 'recommended' section.

House Gardens Kitchens & Bath magazine is available free via newsstands, participating furniture stores and interior designers, kitchen and bathroom suppliers, real estate agents ... and many more.

Please see separate sheet for details on these terrific promotional opportunities
